

The Aspire Federation

Respect Policy including Anti-Bullying Policy

Aims

At Aspire we strive to create and maintain a quality first teaching environment based on mutual respect; where everyone feels safe, secure, valued and learners reach their potential.

Our policy and practice supports and improves learner understanding of respect and disrespect, bullying and the detrimental effect it can have on those involved.

This policy has been developed in consultation with parents, staff and learners through surveys and discussions.

The Aspire Federation believes that everyone;

- has a shared responsibility to create a safe, secure learning environment,
- is a positive role model; being calm, approachable, kind and consistent,
- has the right to be themselves.

Our rights and responsibilities towards each other are presented in each school's 'Respect Charter' (see appendix 2).

Raising awareness, promoting respect and positive relationships

At Aspire we recognise that any learner at any time can experience bullying and that staff, learners and parents play a role in identifying those who may be at risk.

A number of our learners experience complex learning and communication difficulties but may also need emotional and behavioural support. Some learners can display learned behaviours and may often have experience of both being bullied and engaging in bullying behaviours.

Behaviours that do not reflect our Respect Charter, such as bullying or harassment are totally unacceptable and such incidences will be managed timely, targeted and in the best interests of individuals, school and community.

At Aspire we consider bullying to be;

'Behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group, either physically or emotionally.'

We recognise that bullying can take many forms including:

- Physical: hitting, kicking, punching or the use of violence.
- Verbal: name calling, spreading rumours, teasing or inciting violence.
- Emotional: leaving people out, intimidation, unfriendliness, treats or ignoring people.
- Cyber: misuse of the internet and technology including; messaging, misuse of mobile phones and social media with inappropriate calls, texts, images, videos or postings.
- Individual differences whether actual or perceived including: race, religion, gender, sexual orientation, special educational needs, disabilities, a child who is adopted, in care or has caring responsibilities.
