Continuous provision

Careers Advisor All learners have the opportunity to meet with an external careers advisor. An individualised report is prepared and is used to inform next steps during reviews and EHCP.

World of Work Year 14 undertake a program of study which enables all learners the opportunity to visit the range of provision and employment opportunities available to them for their next steps.

External Visits Opportunities for learners to experience employment opportunities in sectors they have expressed an interest in via options. For Example Landbased group visit local farms and managed gardens, Art group visit workshops provided by local artists.

Term 1	
Careers Day	All year groups given the opportunity to meet with local employers and further provision.
Planning Live	Year 14 and 11 Parents, relevant professionals and learners meet with Local providers and collect and prepare paperwork to inform choices and pathways at transitional reviews.
Transition and Beyond event.	KS5 attend planned external event giving them the opportunity to look at the range of employment and transition opportunities in the Northwest.
INTENT Week	All learners take part in an Enterprise week with an international theme. Accessing workshops and preparing products for sale at an "International Market"
Term 2	
Work Experience	Year 10 undertake a relevant and appropriate work experience placement.
Planning Live	Year 9 parent, relevant professionals and learners meet with Local providers and collect and prepare paperwork to inform choices and

Skills North west	pathways at transitional reviews.
Interview and CV support	Year 11 & 12 Learners attend a large careers event which showcases local and national careers opportunities. Year 14 learners benefit from the input of external provision to support their ability to complete a CV and take part in mock interviews.
Term 3	
Medical Mavericks	Yr 9, 10 and 11 given the opportunity to take part in interactive workshop exploring the technologies used within the Health care system. Promotion of Careers in STEM and Healthcare.
Taster sessions	Opportunities for learners to access Taster days in local provision.

Impact

The impact of our careers program is measured by using destinations data and feedback from parents/carers and learners.
