

Dear Parents / Carers,

In relation to **Free School Meals**, we received the following information from the local authority at the end of last week.

There will be an **immediate national approach with effect from Monday 30th March** (guidance to follow this week). It will be a **national e-voucher scheme** of £15 per FSM per child.

We will send further updates once guidance around the scheme's implementation is released.

In the meantime, please **do not** sign up to anything posted on social media as these posts are **not legitimate**.

Thank you for your patience.

Kind regards

Kathy
