Parent Group 2020 – your views matter!

Dear Parent/Carer,

As you may be aware Parent Group has been running a little differently this term. Due to the ongoing situation we have had virtual meetings, rather than face to face.

I am in the process of putting a timetable together for next term, but as we currently still cannot hold meetings in school, I am looking at how we can run the meetings with a mixture of sessions including craft, wellbeing, OT/SALT and sessions concerned with events in school. I will also be looking at what times/days are best to run the sessions.

In order for Parent Group to be most effective for our parents/carers, I have attached a parental survey that I hope you can complete and return to school. From the information I receive back I can then decide as to whether to change the days/times of Parent Group and if there are any more sessions we can offer.

Your feedback would be very valuable in helping me to take Parent Group forward and how we can further support parents and carers in the future.

Yours sincerely,

R. Whittaker
