

Mathematics: Functional Skills Mathematics: Pearson Entry Level 1

Functional Skills qualifications provide reliable evidence of a learner's achievements against demanding content that is relevant to the workplace. The qualifications assess learners' underpinning subject knowledge and their ability to apply this knowledge to different contexts. They provide a foundation for progression to employment and further technical education, and they help learners to develop skills for everyday life.

 Prior Learning	<p>The Pearson Edexcel Functional Skills Qualifications in Mathematics at Entry Levels 1 to 3 is for learners to develop understanding and skills in mathematics.</p> <p>The qualifications give learners the opportunity to:</p> <ul style="list-style-type: none"> • demonstrate a sound grasp of the underpinning skills and basics of mathematical problem-solving skills appropriate to the level, and the ability to apply mathematical thinking to solve problems in familiar situations • achieve the skills for further study at Levels 1 and 2 • achieve a foundation for progression into employment.
--	---

 Careers	<p>By studying this accreditation learners could pursue careers in:</p> <ul style="list-style-type: none"> Retail and Customer service Hospitality and Catering Administrative roles Warehouse and Logistics
---	--

 Qualification Next Steps	<p>Achieving this qualification could provide the platform for learners to move on to:</p> <p>Entry Level 2 Functional Skills in Maths: This qualification can be valuable for further education, employment, or progression to higher-level courses. Vocational Courses. Many vocational courses, such as construction, engineering, healthcare, or business-related programs, may require this level of mathematical competency.</p>

Course Learning Journey

Autumn Term

**Numbers and
the number
system**

Spring Term

**Measures,
shape and
space**

Summer Term

**Handling
information and
data**

<ol style="list-style-type: none"> 1. E1.1 Read, write, order and compare numbers up to 20. 2. E1.2 Use whole numbers to count up to 20 items, including zero. 3. E1.3 Add numbers which total up to 20, and subtract numbers up to 20 	<ol style="list-style-type: none"> 5. E1.5 Recognise coins and notes and write them in numbers with the correct symbols (£ & p), where these involve numbers up to 20. 6. E1.6 Read 12-hour digital and analogue clocks in hours. 7. E1.7 Know the number of days in a week, months and seasons in a year; be able to name and sequence. 	<ol style="list-style-type: none"> 11. E1.11 Read numerical information from lists. 12. E1.12 Sort and classify objects using a single criteria. 13. Read and draw simple charts and diagrams, including a tally chart, block diagram/graph
<ol style="list-style-type: none"> 4. E1.4 Recognise and interpret the symbols +, - and = appropriately 	<ol style="list-style-type: none"> 8. E1.8 Describe and make comparisons in words between measures of items including size, length, width, height, weight and capacity. 9. E1.9 Identify and recognise common 2-D and 3-D shapes, including circle, cube, rectangle (including square) and triangle. 10. E1.10 Use every day positional vocabulary to describe position and direction, including left, right, in front, behind, under and above 	

Specification	Entry level 1-3 specifications														
Using numbers and the number system – whole numbers, fractions, decimals and percentages	<p>Unit Summary: Learners at Entry level 1 are expected to become confident in their use of fundamental mathematical knowledge and skills, as described through the following content areas, and demonstrate their understanding by applying their knowledge and skills to solve simple mathematical problems or carry out simple tasks like:</p> <table border="1"> <thead> <tr> <th colspan="2">Content</th> </tr> </thead> <tbody> <tr> <td>E1.1</td> <td>Read, write, order and compare numbers up to 20</td> </tr> <tr> <td>E1.2</td> <td>Use whole numbers to count up to 20 items, including zero</td> </tr> <tr> <td>E1.3</td> <td>Add numbers which total up to 20, and subtract numbers from numbers up to 20</td> </tr> <tr> <td>E1.4</td> <td>Recognise and interpret the symbols +, - and = appropriately</td> </tr> </tbody> </table>	Content		E1.1	Read, write, order and compare numbers up to 20	E1.2	Use whole numbers to count up to 20 items, including zero	E1.3	Add numbers which total up to 20, and subtract numbers from numbers up to 20	E1.4	Recognise and interpret the symbols +, - and = appropriately				
Content															
E1.1	Read, write, order and compare numbers up to 20														
E1.2	Use whole numbers to count up to 20 items, including zero														
E1.3	Add numbers which total up to 20, and subtract numbers from numbers up to 20														
E1.4	Recognise and interpret the symbols +, - and = appropriately														
Using common measures, shape and space	<p>Unit Summary: Learners at Entry level 1 are expected to become confident in their use of fundamental mathematical knowledge and skills, as described through the following content areas, and demonstrate their understanding by applying their knowledge and skills to solve simple mathematical problems or carry out simple tasks like:</p> <table border="1"> <thead> <tr> <th colspan="2">Content</th> </tr> </thead> <tbody> <tr> <td>E1.5</td> <td>Recognise coins and notes and write them in numbers with the correct symbols (£ & p), where these involve numbers up to 20</td> </tr> <tr> <td>E1.6</td> <td>Read 12-hour digital and analogue clocks in hours</td> </tr> <tr> <td>E1.7</td> <td>Know the number of days in a week, months and seasons in a year; be able to name and sequence</td> </tr> <tr> <td>E1.8</td> <td>Describe and make comparisons in words between measures of items including size, length, width, height, weight and capacity</td> </tr> <tr> <td>E1.9</td> <td>Identify and recognise common 2-D and 3-D shapes, including circle, cube, rectangle (including square) and triangle</td> </tr> <tr> <td>E1.10</td> <td>Use everyday positional vocabulary to describe position and direction, including left, right, in front, behind, under and above</td> </tr> </tbody> </table>	Content		E1.5	Recognise coins and notes and write them in numbers with the correct symbols (£ & p), where these involve numbers up to 20	E1.6	Read 12-hour digital and analogue clocks in hours	E1.7	Know the number of days in a week, months and seasons in a year; be able to name and sequence	E1.8	Describe and make comparisons in words between measures of items including size, length, width, height, weight and capacity	E1.9	Identify and recognise common 2-D and 3-D shapes, including circle, cube, rectangle (including square) and triangle	E1.10	Use everyday positional vocabulary to describe position and direction, including left, right, in front, behind, under and above
Content															
E1.5	Recognise coins and notes and write them in numbers with the correct symbols (£ & p), where these involve numbers up to 20														
E1.6	Read 12-hour digital and analogue clocks in hours														
E1.7	Know the number of days in a week, months and seasons in a year; be able to name and sequence														
E1.8	Describe and make comparisons in words between measures of items including size, length, width, height, weight and capacity														
E1.9	Identify and recognise common 2-D and 3-D shapes, including circle, cube, rectangle (including square) and triangle														
E1.10	Use everyday positional vocabulary to describe position and direction, including left, right, in front, behind, under and above														

Handling information and data

Unit Summary: Learners at Entry level 1 are expected to become confident in their use of fundamental mathematical knowledge and skills, as described through the following content areas, and demonstrate their understanding by applying their knowledge and skills to solve simple mathematical problems or carry out simple tasks like:

Content	
E1.11	Read numerical information from lists
E1.12	Sort and classify objects using a single criterion
E1.13	Read and draw simple charts and diagrams, including a tally chart, block diagram/graph
