4th January 2021

Dear parent/carer,

On Tuesday 5th January for the first day of remote learning we are asking learners to access their home learning passports, accessible via the Oakfield website under the home learning tab. There are a range of activities from different subjects to complete. Live lessons will commence on Wednesday 6th January.

A live demonstration and guidance for parents about home learning will be provided on Tuesday 5th January at 10am, repeated at 11am and again at 2pm. The links will be sent out tomorrow to your email address and via a text message from school. There is a clip of how to access Teams on the website and lots of useful resources.

If you have any issues with any of the technology please get in touch with school.

Yours sincerely,

D Walker
